Reminder: A coverage determination, prior authorization, or certification that is made prior to a service being performed is not a promise to pay for the service at any particular rate or amount. The patient's summary plan description or insurance certificate governs amount payable, as every claim submitted is subject to all plan provisions, including, but not limited to, eligibility requirements, exclusions, limitations and applicable state mandates.

Glossary

Amount Billed: The amount charged by the health care professional or facility (physician, hospital, etc.) for services provided to you or your covered dependents.

Amount Not Covered: The portion of your bill that is not covered by your plan. You may or may not need to pay this amount. See the remark codes section on the following pages for more information.

Coinsurance: A percentage of covered expenses you pay after you satisfy your deductible.

Copay or Copayment: A flat fee you pay for certain covered services such as doctor visits or prescriptions.

Deductible: The amount you may need to pay each year before your plan starts paying benefits.

Discount: Cigna Healthcare-negotiated fees for services provided by health care professionals. If applicable, the discount amount is subtracted from the amount billed.

Exchange Rate: The rate applied to convert local currency to U.S. dollars based upon competitively published rates in effect on the date service was provided. Plan benefits are calculated in U.S. Dollars. If services were billed in U.S. dollars and the claim is paid in U.S. dollars, then no exchange rate applies.

Local Amount Billed: The cost of the services, expressed in the local currency where services were rendered.

Patient Responsibility: The portion of the billed amount that is the patient's responsibility to pay. This amount might include the deductible, coinsurance, any amount over the maximum reimbursable charge, or products or services not covered by your plan.

Plan Percentages: The portion that the plan pays after any copay, deductible or coinsurance has been applied for the services submitted.

Payment Method: The U.S. or international banking system method in which a payment has been issued, for example an electronic transfer of funds to your bank account or a check.

Remark Codes: Letter codes which indicate that a message is printed on the Explanation of Benefits. We use remark codes for various reasons, for example, to notify you that a claim is pending. Pending means that the claim process is incomplete because additional information is needed. Other reasons include to explain why an expense was excluded (not covered) under the plan or to suggest actions that will simplify and possibly prevent delays in the payment of benefits.
